Additional service to Australia / New Zealand

We are glad to announce, that as from April 1st, 2007 we will offer a service to Australia and New Zealand, based on transshipment via Singapore. This service will be launched as an addition to our existing direct services and not as a replacement of the current services.

The following destinations have been added to our tariff sheet : Sydney, Melbourne, Adelaide, Brisbane, Auckland, Lyttleton, Christchurch and Wellington. Please check the second quarter tariff or contact our Customer Service department to obtain our competitive rates.

Anniversary

Last month, we have celebrated the fact that our colleague Arthur Postma has been working for Cleve & Zonen for five years. Arthur is working at our customs department.

He received a golden 5 guilder coin and a nice bouquet of flowers of course. Congratulations!

HS Codes for La Guaira

Please be advised, that with immediate effect HS Codes are also required for shipments to, or served via, La Guaira. Therefore we kindly ask you to provide the correct HS Codes upon booking. We would like to remind you that HS Codes are required for shipments to, or effected via, South Africa, USA, Mexico, Indonesia and Pakistan.

Spotlight : Canary Islands

We would like to draw your attention to the excellent bi-weekly groupage service we offer to the Canary Islands. In view of the interest in this service shown by the trade, we have taken the service a step further by finetuning it to serve the other islands in the Archipelago also, like El Hierro, Fuerteventura, La Gomera, Lanzarote and La Palma. Needless to say we also cover Tenerife and Las Palmas. Please contact our Customer Service department to sample this service.

DG Cargo to Shanghai

Please be advised that we can not handle the following IMO classes in Shanghai:

- IMO class 1
- IMO class 6.1
- IMO class 7

We can only accept other classes after approval from our agent in Shanghai. Therefore we kindly request you to check with our Customer Service department prior to booking.
