4th quarter tariffs

Currently we are sending out our updated ratesheets for LCL exports. In case you did not yet receive the 4th quarter rates, you will probably receive them within the coming days.

As informed by separate mail, we have decided to increase the rates to all destinations in the Far East. This adjustment was necessary, due to the increased boxrates as advised by the Far Eastern Freight Conference (FEFC).

Furthermore we have significantly reduced our rates for Mersin, Bandar Abbas and Riyadh.

Please check your ratesheet for the exact figures.

Office closings China

Please be advised that the offices of our agents in China are closed from the 1st of October till the 7th of October. Please keep this in mind in regards to all your shipments from and to China.

Airfreight Promo

For the month of October, we have selected Sao Paulo (Guarulhos Airport) as our special airfreight promo destination.

In order to get a special promo rate for your shipment (> 300 kgs), please contact Ms. Minouche Ros at:

E-mail = m.ros@cleve.nl
Telephone = +31-(0)10-4284781

EVDS for East-Africa

The carriers of the EAACL Trade Association have announced to implement an Emergency Vessel Delay Surcharge as per October 1st, 2007.

The EVDS is determined at Usd. 9,00 w/m and will be charged for all shipments from Europe to East-Africa. This surcharge cannot be collected at destination.

Closings at our CFS

In order to avoid shortshipments, we kindly ask you to pay attention and respect our closings. If you experience difficulties to deliver your shipments before the official closing, please inform our planning department.

For shipments, delivered after the official closing we cannot guarantee that these shipments will be loaded in our container, which may result into postponement to next available sailing.

Import nomination desk

If you want to receive your import cargoes through Cleve & Zonen, please contact our nomination desk. We will control your imports in cooperation with our agent in the loadport. Through this way you will discover the benefits of receiving your imports in just one CFS.

The replica of the "Nuna 4" is being packed for air transport to China

The replica at The 13th China International Composites Industrial Technical Expo

A remarkable airfreight shipment

Earlier this month Cleve & Zonen airfreighted a replica of the "Nuna 4", the solar powered car which will take part in the World Solar Challenge, to be held in Australia this October, to Beijing.

The replica of the latest Nuna has been built with "Turane Resin" from DSM Composite Resins AG and was airfreighted to "The 13th China International Composites Industrial Technical Expo" by Cleve & Zonen.

It was a race against the clock to get the solar powered replica at the expo in Beijing in time, but eventually everything worked out very well and the replica took part at the expo contests.

This replica (4,7 meters long) was built especially for several expo's in China. The product "Turane Resin" by DSM won a price in the raw materials category.

The product is praised for its flexibility and its toughness as well as for its fast processing characteristics.

Cleve & Zonen congratulates DSM with their award-winning resin, while DSM complimented Cleve & Zonen with their excellent service.

Race against the clock !!

City of Tianjin.

Ms. Zhang from Globelink Tianjin together with the ladies of the import nomination desk.

Spotlight on Xingang

Xingang, self the port of the third largest city in China (Tianjin) is also the gateway to Beijing. Due to the enormous growth of the Chinese economy, there is a big demand for LCL services from and to Xingang.

In 2008, when some of the sports at the Beijing Olympic Games will be held in Tianjin, it is expected that the economy will get another enormous boost.

Cleve & Zonen offers direct import- and export services from / to Xingang on a weekly basis. We are able to provide you with competitive rates for both import and export.

Recently our Tianjin/Xingang agent Globelink visited both of our offices in Rotterdam and Antwerp, in order to discuss business development on the westbound and eastbound tradelanes.

Both Cleve & Zonen as well as Globelink are key-players on this tradelane for many years and we are confident that we can offer you quality service, regular sailings and competitive rates.

For more information, rates and sailings, please contact:
