## Exports to Lebanon

With immediate effect, it is no longer allowed to mention the word packages in the Bill of Lading for export shipments to Lebanon. Lebanese Customs requires the exact description of the type packages (i.e. cartons, barrels, cans, drums, wooden boxes). Please provide us with the proper instructions.

## Online sailing schedule

Did you know that you can also use our website to search for upcoming sailings ? In your internet browser, go to [www.cleve.nl](http://www.cleve.nl) and choose interactive services in the navigation bar on top of the website. You will be taken to a page where you can select the destination of your choice. To easily scroll through the list, you can enter the first character of the destination. By pressing the submit button, the website returns the results and shows you the first available vessels (with closing date, etd and eta).
